

FREQUENTLY USED MEDICATION FORMULATIONS FOR ANIMAL CARE

- **Acepromazine Maleate** Phenothiazine tranquilizer | Dogs, cats and horses
- **Acetyl-D-Glucosamine** Amino monosaccharide | Horses
- **Apomorphine** Centrally acting emetic | Dogs
- **Azithromycin** Macrolide Antibiotic | Dogs, cats, and horses
- **Cisapride** Gastrointestinal prokinetic | Dogs, cats, horses
- **Corticotrophin** Pituitary Hormone | Dogs Cats and Horses
- **Demecarium Bromide** Parasympathomimetic, Carbamate inhibitor | Dogs
- **Dexamethasone** Adrenocorticosteroid hormone | Dogs, cats, horses
- **Dexamethasone 21 Isoniconate** Adrenocorticosteroid hormone | Horses
- **Diazepam** Benzodiazepine tranquilizer | Dogs, Cats, Horses, Cattle, Sheep, Goats, Swine, Rabbits, Birds, Reptiles, Pocket Pets
- **Diethylstilbestrol** Synthetic Estrogen (nonsteroidal) | Dogs, cats
- **Digoxin** Cardiac Glycoside | Dogs and Cats
- **Diphenhydramine** Antihistamine | Dogs, cats
- **Enrofloxacin** Fluoroquinolone antibiotic | Dogs, Cats, and Horses
- **Erythromycin/Rifampin** (EES/Rifampin) Antibiotic Combination | Horses
- **Estradiol Cypionate** Steroid Hormone | Horses
- **Estrone Sulfate** Hormone | Horses
- **Griseofulvin Powder** Skin Infections| Horses
- **Guaifenesin** Muscle relaxant | Horses
- **Hydroxyzine HCL** Antihistamine | Dogs, Cats and Horses
- **Idoxuridine** Topical anti-viral ophthalmic drug | Cats
- **Iodine 2% in Almond Oil** Triazole Antifungal | Horses

- **Ketoprofen** Nonsteroidal anti-inflammatory drug (NSAID) | Dogs, cats, horses
- **Medroxyprogesterone Acetate** Synthetic Progesterone | Dogs, Cats, Horses
- **Methimazole** Anti-thyroid: thioimidazole-derivative | Cats
- **Methocarbamol** Muscle Relaxant | Dogs, Cats, Horses
- **Metronidazole** Antiprotozoal, antibiotic | Dogs, cats, horses
- **Ophthalmic Cyclosporine** Immunosuppressant | Dogs, horses
- **Ophthalmic Medications** Ophthalmic issues
- **Pentosan Polysulfate** Disease modifying osteoarthritis (OA) drug | Horse, dogs
- **Pentoxifylline** Xanthine derivative | Dogs, and horses
- **Pergolide** Dopaminergic agonist | Horse
- **Phenoxybenzamine** Dopaminergic agonist | Horse
- **Phenylbutazone** Alpha-adrenergic blocker (Smooth muscle relaxant) | Dogs, cats, horses
- **Phenylpropanolamine** Sympathomimetic, alpha-adrenergic agonist | Dogs, cats
- **Potassium Bromide** Antiepileptic Drug | Dogs
- **Prednisolone** Adrenocorticosteroid hormone | Dogs, Cats and Horses
- **Prednisone** Adrenocorticosteroid hormone | Dogs, Cats and Horses
- **Progesterone and Estradiol Combination** Steroid hormone combination | Horses
- **Progesterone in Oil** Pancreatic Hormone | Horses
- **Pyrimethamine and Sulfadiazine Combination** Folic Acid Antagonist Combination | Horses
- **Reserpine** Psychotropic agent | Horses
- **Tacrolimus** Calcineuron inhibitor | Dogs and Cats
- **Transdermal Gels**
- **Trichlormethiazide and Dexamethasone** Diuretic and corticosteroid combination | Horses
- **Tripelennamine** Antihistamine | Horses
- **Ursodiol** Bile Acid | Dogs and Cats
